

A question about the past

Learning goal: Ask a question about the past.

Words to use

Word	Meaning
past	A time before now
present	The time we are in now
change	Something that becomes different
continuity	Something that stays the same

Remember

What source could help date an old telephone? A dated manufacturer's catalogue or museum record.

Would looking at the object tell us every user's experience? No. A user account could help with that question.

How to show your learning

Write or record one who, what, where, when or why question.

My question is _____. I could use _____ because _____.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

You can respond by speaking, pointing, drawing, typing or writing. A fictional personal example is welcome.
