## Evidence cards

Read, point or listen. Keep the source label with any detail you use.

### A Before December 1955

Rosa Parks had years of civil-rights organising experience, including work with the NAACP. Montgomery buses enforced racial segregation.

Source: US National Park Service, Rosa Parks

Limit: This later biography selects events; it is not a recording made at the time.

### B 1 December 1955

Parks was arrested after refusing to give up her seat to a white man on a Montgomery bus. Her action helped trigger a sustained community boycott.

Source: US National Park Service, Rosa Parks

Limit: One person's action should be connected to wider organisation and community participation.

### C 1956 change

The boycott and legal action challenged segregation. A Supreme Court ruling and pressure on bus revenues contributed to the desegregation of Montgomery buses.

Source: US National Park Service, Rosa Parks

Limit: Bus desegregation did not end all racism or inequality.

### D Later work

Parks moved to Detroit in 1957 and continued civil-rights work. In 1987 the Rosa and Raymond Parks Institute was established to support young people.

Source: US National Park Service, Rosa Parks

Limit: Later recognition is evidence of legacy, but not a measure of everyone's views.

## Shared investigation

1. Check a practice evidence selection against the criteria.
2. Keep shared rehearsal separate from the independent outcome.

Work with a partner or adult, or use your own table. One person suggests; the other checks the evidence. Swap after one turn. Passing is allowed.

Use the evidence cards and any visual sheet. Follow the two shared steps above, then record one decision.
