

Personal values and respect for others

Learning goal: Identify a value that matters to a person and explain how respecting different values supports community.

Words to use

Word	Meaning
value	Something a person thinks is important in how to live
priority	What a person puts first
tolerance	Accepting that others may think and live differently
respect	Treating people with care, even when you disagree

Remember

Give one way to show respect when values differ. For example, accept their choice without mocking it.

Does respect mean you have to agree? No. Respect does not require agreement.

How to show your learning

Identify the value that matters to each person.

___ values ___. One way to show respect is ___.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

This is learning about religion and worldviews, not worship. Nobody is asked to share a personal belief, family detail or loss.
