Autumn 2 · Week 2 · Lesson 1 · Monday 9 November 2026

Arrival

Soft action stops on the agreed visual cue; teach the cue if it is new.

Four equally spaced points; avoid rushing the final box.

Keep a small silent movement, point or count in the mind. A rest still has length.

Accept quiet tap, silent point, sign or directing a partner; check the pupil retains the musical choice.

Starter

A has one rest, on beat 2. B has two rests, on beats 1 and 3. In both parts every silent beat lasts as long as a tapped beat. Point through all four boxes to check.

Guided practice

Start after the count-in. Taps occur on 1, 3 and 4; beat 2 is silent for the same length. The next cycle begins one beat after beat 4. Accept a steady silent performance with accurate pointing.

Exit

Beat 2. It takes one full beat.

On the next beat 1 after the count-in finishes.

A specific actual response, such as following the pointer through rest 2, plus a further attempt. Do not fill a response for the pupil.

Accept pointing, quiet movement, speech, signs, drawing and checked scribing. Check the actual beat positions and part; participation alone does not show that a pulse or part was learnt.
