Knowledge organiser

Record fieldwork in a spreadsheet and graph it.

It compares counts across separate categories. Use the labelled practice data to learn the skill. Collect actual observations before drawing a fieldwork conclusion.

Tier	Word	Meaning
Tier 2	settlement	A place where people live
Tier 2	urbanisation	Growth in the share of people living in urban places
Tier 2	land use	What land is used for
Tier 2	GIS	Mapping information in separate data layers

The most common recorded use was ____ at ____. This sample shows ____ but cannot show ____.
