# Staff answers & diagnostic guide — Making the piece: one symbol, one skill

Pathway: BASE · Week 2 Part 1 · Big question: How can we make one big, bold sign on heavy card?

## Starter answer & explanation

Question: Which card is easier for the class to see from across the room?

Correct: Card B with the big shape in the middle — Yes. A big shape in the centre grabs the eye straight away.

## Guided team check (We do) answers

Q1: How do we stop our drawing from turning out too small? -> Put four light guide dots wide apart. First drawing (Yes. Guide dots help you fill the middle space.)

Q2: How many main tools should we focus on for our main piece today? -> One or two chosen tools used with care (Yes. Sticking to your chosen tool keeps the piece neat.)

Q3: What makes the outside edge of your sign look crisp at the end? -> Going over the outside line firmly once the inside is done (Yes. A clean outer line locks the shape fast.)

## Exit check answer

Question: Where should your main sign sit so it is easy to see?

Correct: Big in the middle of the card — Yes. Filling the centre makes your artwork bold.
