Tier pack: Aspire route — Try it once, then say what happened

Pathway: BASE · Week 4 Part 1 · Big question: What happens when we test sponge tapping and wax resist on our sign?

Aspire route studio steps

Step 1: Fill in Box A (layered sponge tone). Box B (white wax resist under wash).

Step 2: In a third mini-box, combine both: draw wax details first. Then dab sponge tone over top.

Step 3: Write two clear short lines explaining how pressure changed your results.

Success check

Two main boxes plus a combined trial. Written reflection.

Make-it studio planner

Pick your test tool, colour pair, and log note for today.

Options: Cut shape star edge, Cut shape shield frame, Wax wave lines, Wax leaf veins

Review checklist

[ ] Look at Box A. Box B side by side.

[ ] Point to the sharpest edge on your sheet.

[ ] Read your 'What happened' short line to a partner.
