Tier pack: Supported route — One photo, one comment, one page

Pathway: BASE · Week 5 Part 1 · Big question: How do we build a neat studio log page with a photo and a comment?

Supported route studio steps

Step 1: Dry-fit your artwork photo inside the printed frame box on your sheet.

Step 2: Glue the back edges on a scrap mat. Press the photo down straight.

Step 3: Draw a straight line from the label 'My best mark' to your best part.

Step 4: Fill in the two gaps in the comment strip: 'I used ___. I like the ___.'

Success check

Photo mounted straight with one pointer line. Done comment strip.

Key words helper

• log: A folder or book that keeps your art journey in order.

• mount: To glue a picture neatly onto a backing frame.

• comment: A short true note about what you made and liked.

Review checklist

[ ] Run a finger around the four corners of your photo to check they are stuck flat.

[ ] Read your studio comment aloud to your table partner.

[ ] Place your finished page neatly inside your studio log wallet.
