Tier pack: Supported route — Plan and rehearse a studio skill demonstration

Pathway: TRACK · Week 6 Part 2 · Big question: How do we break a practical relief or surface technique into three teachable steps for peers?

Supported route studio steps

Step 1: Pick your favourite studio trick (foil pressing or chrome dry-brushing).

Step 2: Glue three small sample squares into Step 1 (Start), Step 2 (Middle), and Step 3 (Finished) on your board.

Step 3: Tick or write one short tip under each box.

Step 4: Practise pointing to Box 1, 2, and 3 while telling your partner how it works.

Success check

Three stage tiles mounted with tips and rehearsed once with a partner.

Key words helper

• demonstration: Showing someone how a practical skill works step by step while explaining key tips.

• sequence: Putting actions in the exact 1-2-3 order needed for success.

• exemplar: A physical sample tile showing what each stage should look like.

Review checklist

[ ] Check that all three sample tiles are glued firmly to your demonstration board.

[ ] Confirm your partner could follow all three steps during your rehearsal.

[ ] Store your demonstration board alongside your finished relief panel for Week 7.
