Food Chain Investigation · Pupil Resources

Learning goal: I can build a food chain starting with a plant and point the arrows the right way.

Arrival Questions (In your book)

1. What starts a food chain: a green plant or a fox?
2. In grass -> rabbit, who eats the grass?
3. What words can you say for the arrow (->)?
4. Can you ask an adult to help?

Starter Question

How can you test if your food chain arrow points the right way?

A. Read the arrow as 'is eaten by'. 'Leaf is eaten by caterpillar' makes sense.

B. Point the arrow at the smallest picture.

C. Draw arrows pointing both ways at once.

Method Strip

1. Pick one habitat set (Meadow or Woodland) and find the green plant card.
2. Place the plant card in Box 1 at the start of your mat. STOP AND CHECK.
3. Place an arrow card pointing right (->) and put the plant eater in Box 2.
4. Place the second arrow card pointing right (->) and put the meat eater in Box 3.
5. Read your chain out loud using 'is eaten by' and

write it in your book.

Exit Ticket

Which living thing goes first: grass or rabbit?

Write one 3-step food chain with arrows pointing the right way.

What do the arrows in your food chain mean?
