RE and Worldviews · LAUNCH · Spring 1 · Week 2 · LAUNCH-RE-S1-W02 · Date _____

How can a response to wrongdoing be just?

Today I can… □ justify a proportionate response with evidence while distinguishing forgiveness from removing consequences.

Feedback: □ VF □ WS □ I □ NS □ E □ R □ [//] □ [?] _____

RE learns about ethics and worldviews; this activity is not worship. Reflection is optional and never worship.

Teacher and cover plan

1. Lesson outcome. LAUNCH-RE-S1-W02; Ethics, justice and resilience. Outcome: Justice, punishment & forgiveness. To be able to… evaluate punishment, repair and forgiveness as different responses to wrongdoing. Success today: I can… justify a proportionate response with evidence while distinguishing forgiveness from removing consequences.
2. Arrival 1–4. 5 min · KEEP. Use one tier: three prior checks and the link. Keep four first responses; recap only after first try. TA: Help locate the first question and begin within about two minutes. Avoid: Do not answer the four questions or reveal recall before the first attempt.
3. Starter. 3 min. Authored example: someone replaces a damaged label and separately receives a one-session pause from using the label tools. Question: Which action is repair rather than the imposed consequence? In your book: record one brief choice or reason, unless passing. TA: Read the single question once and allow private thinking. Avoid: Do not provide the response or turn this into a second retrieval grid.
4. I Do. 6 min · KEEP. Use the complete I Do method model and its named source. Record one useful model step or word; no board copying. Hide the model before the own task. TA: Support attention to the one chunk and point to its source. Avoid: Do not give a parallel explanation or require copying from the board.
5. We Do. 8 min · KEEP. Use the We Do source and prompt. Keep one guided example and the pupil's own contribution before revealing the shared check. TA: Prompt one contribution and an exact pupil-owned record. Avoid: Do not complete the guided response for the pupil.
6. You Do. 15 min · KEEP. Use the chosen source-based route. Keep the pupil's response and review within the allocated You Do time; exact route and answer guidance are in Staff_Answers.pdf. TA: Offer the independent attempt first, then use the held ladder and record actual support. Avoid: Do not give a content answer or leave a complete model visible throughout the attempt.
7. Support routes. Independent first; Supported then Choice as needed; Aspire is separate. Staff record actual I/S/C and exact prompts; leave the pupil's box empty.
8. Adaptations / normal ways of working. Pre-teach key terms; chunk sources/data; dual coding; model first question/paragraph; scaffold then fade; accessible font/spacing; reader/scribe/laptop/overlay and extra processing time; private pass; planned regulation/movement break, return to step 1 on current source task; no harm enactment or personal disclosure; neutral community-case alternative; no real flame or sacred-object handling; no compelled forgiveness. No cold calling; nobody is asked to read difficult text aloud.
9. TA focus. Designated evidence adult: classroom-support adult; lead teacher receives the full response. Record actual source access and prompting; never improve the baseline or mark prompted work independent. Held prompt ladder: page 2.
10. Exit 1–3. 3 min · KEEP. Use one tier and the whole fresh source: both unaltered checks, confidence 1–3 and separate adult prompt record. No other help; use responses for the next lesson. TA: Ensure an attempt in the chosen mode and record actual prompting. Avoid: Never change an answer or supply a clue, answer stem, Word help or organiser during the checks.
11. After teaching. Misconception: _____ Response: _____ Next step: _____ Evaluation: _____
12. Preparation / evidence / cover essentials. PPT; J1–J4 strips; book; Word help; blank record; route; Pause card. Educational RE; optional reflection. Protected descriptions; no sacred originals, real flame, harm enactment or personal disclosure. Neutral case, private pass and quiet return. All help closed at Exit. Full care/answers: TA_Brief.pdf / Staff_Answers.pdf. Classroom-support adult captures the exact response, mode, route and prompt; checks, tags and uploads to the evidence app the same day, 14:10–14:30. Lead teacher receives the whole response, names the change back and records the actual next step. R requires receipt and influence. Final three minutes of You Do: pupil-owned response. If pending, reserve 10–15 minutes of the next taught session before new input; do not mark R. KEEP: six stages 5/3/6/8/15/3; source, model, guided example, independent response/review and both Exit checks. Shorten repetition or optional Aspire first. Six-stage timeline (minutes): 00–05; 05–08; 08–14; 14–22; 22–37; 37–40.

Key answers and adult prompt ladder

Arrival key answers. Supported: 1. Why an action should be chosen, using a value or likely effect.; 2. Its booking and disruption if it moved.; 3. How long each task takes, or whether a workable move or timed sharing is agreed.; 4. What happened, the harm, safety and people affected. Standard: 1. It linked a case fact to a principle or consequence instead of stating preference alone.; 2. The organiser needed the group's disruption and the visitor's access need to judge the trade-off rather than assume consent.; 3. Its justification depends on the facts; new timing or access information can alter the likely effects.; 4. Explain its purpose, likely effect and relation to the evidence; consider repair and a proportionate boundary. Stretch: 1. The group had a booking is a fact; keeping commitments matters is a principle-based reason. The visitor's quiet-space need is a fact; reducing an access barrier is an ethical reason.; 2. One person might prioritise the visitor's immediate access; another might protect the group's agreed time or seek sharing. Facts about timing and consent affect the judgement.; 3. Revision follows a stated reason about new relevant information; random choice supplies no such accountable link.; 4. A reasoned consequence or repair grounded in facts, respect for those affected, safety and a reviewable boundary.

Exit Ticket key answers. Supported: 1. Providing the replacement panel repairs the material damage.; 2. No. A meeting must not be compelled; the checked facts, repair and review can be addressed without it. Standard: 1. Replacement addresses damage; a temporary pause addresses safe use/accountability and is reviewed.; 2. Fairness can hear the group's views by another route, respect refusal and still require proportionate repair or safeguards. Stretch: 1. The response addresses harm and future use with a review, instead of imposing an unexplained permanent exclusion. Credit a justified remaining concern.; 2. Respect the no-meeting choice while keeping repair, safe-use review and evidence-based accountability. No compulsory forgiveness or apology.

Answer reference. Staff_Answers.pdf: Arrival and Exit by tier, then guided and route answers. Check the accepted source before accepting equivalent answers.

Prompt ladder for adults. 1. Point to the relevant place / instruction. 2. Ask one short question: "What is it asking you to find?" 3. Rephrase the instruction in simpler language. 4. Provide a scaffold or limited choice. 5. Model the first step only, then return the task to the pupil.
