

Knowledge Organiser (LAUNCH W6): A structured account from evidence

Humanities Aut 1 · 2026–27 · Workbook outcome: Write a structured account using evidence (links English).

Key Word	Definition
Modelled:	Modelled: point, employment rose because of the works. Evidence, the wage return of that year, quoted with its date, and one sentence saying it records a rise in the same quarter the works opened. Link, so the growth the question asks about begins here rather than a decade later.
Decided together:	Decided together: point two opens, because its evidence is the hardest to argue with and the reader meets it first.

Key Facts

- A paragraph in an account makes one point, not three.
- Six extracts and three paragraphs means two extracts each, and the sort is the plan.

Arrival Task

Retrieving the shape of a paragraph

1) A paragraph in an account makes one point, not three.

2) Six extracts and three paragraphs means two extracts each, and the sort is the plan.

Two paragraphs, same evidence

Two openings using the same extract. Version A: “One source says the numbers rose sharply.” Version B: “Employment in the town rose because of the works, and the wage returns show it.”

We Do 1: Sort the extracts. Match each to its point.

Extract 1: which point does it support, and what in it says so?

Extract 4: does it fit two points? Which one does it serve better?

Extract 6: what would you have to add to use it at all?

We Do 2: Write the sentence that closes a paragraph

Everyone drafts one link sentence on a whiteboard, then we hold up together.

The model

Modelled: point, employment rose because of the works. Evidence, the wage return of that year, quoted with its date, and one sentence saying it records a rise in the same quarter the works opened. Link, so the growth the question asks about begins here rather than a decade later.

Decided together: point two opens, because its evidence is the hardest to argue with and the reader meets it first.

Check yourself

- Check yourself: does every quotation carry its origin and date?
- Check yourself: does every paragraph close with a link to the question?

From the lesson sheet

A structured account from evidence

SoW: 'LAUNCH Weekly - Autumn'!C51 — "Write a structured account using evidence (links English)."

Learning objective: I can sort evidence under the point it supports and write a structured account whose paragraphs open with the point and close with a link.

No learner is asked about their own heritage or family history. Every extract comes from the supplied source pack.

Sort and account record

Point → evidence with origin and date → explanation → link.

The first row is done for you, from the paragraph we built together. It is in italics so you know it is not yours.

Independent Work – Stretch

Three paragraphs, each with point, evidence, explanation and link.

All three paragraphs written, each with point, evidence, explanation and link.

Point	Extracts used	My link sentence
<i>employment rose because of the works</i>	<i>the wage return, with its date</i>	<i>so the growth the question asks about begins here rather than a decade later</i>

Choose a route

- 1. I chose my own route.
- 2. My account is in my own words.
- 3. Any adult help is written on the record.

Exit Ticket – Stretch

1) Read one paragraph to a partner. They say back the point it argued.

2) Did they name a different point? Rewrite the first sentence. That change is your influence.

3) SPACE stays available, VOICE is received, AUDIENCE names back exactly and INFLUENCE changes one real next action.
