Theme: Resilience & Change. Formative. Six weeks; Week 6 assessing.

Focus
Entry requirements and my gaps

Weekly outcome
Students compare their current strengths/qualifications with a realistic course, training or job requirement.

Exact lesson outcome
I can identify one requirement I already meet and one thing I may need to work on.

Forty minutes
5 arrival/retrieval + 8 I Do + 10 We Do + 12 You Do + 5 review/exit. Model requirement matching with A. Use three labelled states; unknown is not unable. Choose B stockroom or C garden, try the short skill task, make the checklist and set one supported next step.

Choice and access
Same checks for both job cards. One requirement at a time, two states or targets, pictures, words, plan and model. Book, pointing, typing, usual aid or exact scribe. No public questioning or personal records. Trusted adult/help route, pass and supported pause/return.

Assessment evidence
Requirement-match checklist and one improvement target.

Record one evidenced strength and one next step separately. Keep actual task response, support, target, first response, one NS and reply. Bank in Careers Portfolio; offer to Communication portfolio.

Where this leads
This helps me notice what I can do and ask for help with a next step towards work or training.
