Arrival

Supported

Arrival · 5 min · 00 to 05

In your book: One short answer or indicated choice for each of 1 to 4.

1. A settlement

Which is a settlement: a town or an ocean?
Clue: Read the first line of the context card.

Write, draw or stick your answer here.

2. A symbol

Identify PO: post office or park?
Clue: Use the map key.

Write, draw or stick your answer here.

3. A direction

Which arrow points north: up or down on this map?
Clue: Find N.

Write, draw or stick your answer here.

4. A grid order

Which numbers rise from left to right: 10–14 or 20–24?
Clue: Trace the labels along the bottom.

Write, draw or stick your answer here.

Made by Matt · madebymatt.uk · © Matt Roper · CC BY-NC-SA 4.0: free for classroom use, share and adapt with credit, no resale

Exit ticket

Supported

Exit ticket · 3 min · 37 to 40

In your book: One exit reference or explanation in your chosen response mode.

1. Symbol

Identify FB: footbridge or hall?
Clue: Use the key.

Write, draw or stick your answer here.

2. Reference

The school is in 1020 or 2010?
Clue: Read across before up.

Write, draw or stick your answer here.

3. Precision

Does a four-figure reference name a square or an exact dot?
Clue: Think of PO and Q9.

Write, draw or stick your answer here.

Starter and method strip

Starter · 3 min · 05 to 08

In your book: Your choice and the key entry that supports it.

A map reader sees Q7 and says, 'That must mean health centre, like Q9.'

What should they do first?

A: Use this map's key.

B: Guess from the first letter.

C: Assume every map uses the same symbols.

Explain your choice.

Write, draw or stick your answer here.

I do · key model

In your book: The library's four-figure reference, with an arrow or words showing 'eastings then northings'.

Identify, locate, check

Step 1 — Identify

The key says B means library.

Step 2 — Read eastings first

Find the library's square.

Its left grid line is 10.

Step 3 — Read northings second

The bottom grid line of that square is 21.

Put them together: 1021.

Record one key link or step.

Map symbols and grid references

Today I can… □ identify features using the key. □ give a four-figure grid reference and direction. □ explain what a reference shows and what it leaves out.

Feedback: □ VF □ WS □ I □ NS □ E □ R □ [//] □ [?] _____

You do

Independent

You do · 15 min · 22 to 37

In your book: Your route's map answers, one reason and one checked or improved detail.

I · S · C □

Use the invented settlement map and its key.

1. Identify Sch, PO and FB.
2. Give the four-figure reference for the school, post office and footbridge.
3. Describe the hall's direction from the library.
4. Explain why 1221 alone cannot tell a reader whether you mean the post office or the health centre.
5. Explain one thing this map cannot tell us about the settlement's population.

Frame if useful: 'The left line is ____. The bottom line is ____. The reference is ____.'

You may point, speak, sign, use symbols, draw or write. You may pass.

Review and improve: Trace one pair of grid lines. Check easting digits come first; amend one answer or strengthen its reason.

Write, draw or stick your answer here.

Supported

You do · 15 min · 22 to 37

In your book: Your route's map answers, one reason and one checked or improved detail.

I · S · C □

Use the map and key with an adult, one feature at a time.

1. Identify PO: post office / park. Identify FB: footbridge / library.
2. Find the school. Read the left line: 10 / 20. Read the bottom line: 20 / 10. Put easting first, then northing.
3. Find the post office. Choose its square: 1221 / 2112. Trace the two lines to check.
4. Find the footbridge. Choose its square: 1122 / 2211. Trace the two lines to check.
5. Describe the hall's direction from the library: east / west.
6. Does 1221 mean the whole square or one exact dot? Use the post office and health centre as your clue.

Frame: 'Easting ____ then northing ____ gives ____.'

You may point, speak, sign, use symbols, draw or write. You may pass.

Review and improve: Check one reference by pointing to the left and bottom lines. Correct its order or show why it is right.

Write, draw or stick your answer here.

You do

Choice

You do · 15 min · 22 to 37

In your book: Your route's map answers, one reason and one checked or improved detail.

I · S · C □

Choose your way to show the answer: direct a pointer, arrange digit cards, speak or sign, or make a short record.

1. Identify Sch, PO and FB using the key. Choose from school / post office / footbridge.
2. Match all three features to their four-figure references: 1020 / 1221 / 1122.
3. Choose one match. Show the left line and the bottom line that support it.
4. Choose the hall's direction from the library: east / west.
5. Choose the claim that fits 1221:

A: It names a whole square with more than one feature.

B: It names only the post office's exact dot.

Give one map clue for your choice.

You may point, speak, sign, use symbols, draw or write. You may pass.

Review and improve: Check one match with the actual grid lines. Change it or show its deciding clue.

Write, draw or stick your answer here.

Map symbols and grid references

Today I can… ☐ identify features using the key. ☐ give a four-figure grid reference and direction. ☐ explain what a reference shows and what it leaves out.

Feedback: ☐ VF ☐ WS ☐ I ☐ NS ☐ E ☐ R ☐ [//] ☐ [?] _____

Knowledge organiser

I can use a map key and grid references to locate features.

Identify

The key says B means library.

Check the key of the map being used; never assume the same symbol has the same meaning on every map.

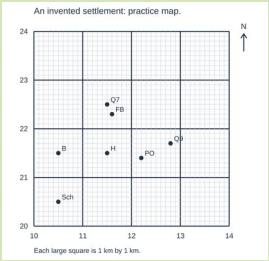

Locate

Find the library's square.

Its left grid line is 10.

The bottom grid line of that square is 21.

Put them together: 1021.

The school is in the leftmost column and lowest row. The library is directly north of it in the next row. The hall is directly east of the library. The park point, labelled Q7, is directly north of the hall. The footbridge shares the park's square. The post office, labelled PO, and health centre, labelled Q9, share the square east of the hall.

An invented settlement: practice map. · 10 · 11 · 12 · 13 · 14 · 20 · 21 · 22 · 23 · 24 · N · Each large square is 1 km by 1 km. · Sch · B · H · Q7 · FB · PO · Q9

Check precision

1021 identifies the whole square, not just the library dot.

For a six-figure reference, split each side into ten equal parts.

So its six-figure reference is 105215: all three easting digits, then all three northing digits.

Each tenth is 100 m on this 1 km practice grid. A six-figure reference locates a 100 m grid square, more precisely than a four-figure reference; it is not an infinitely exact coordinate.

Today I can… ☐ I can identify features using the key. ☐ I can give a four-figure grid reference and direction. ☐ I can explain what a reference shows and what it leaves out.

Map symbols and grid references

Today I can… □ identify features using the key. □ give a four-figure grid reference and direction. □ explain what a reference shows and what it leaves out.

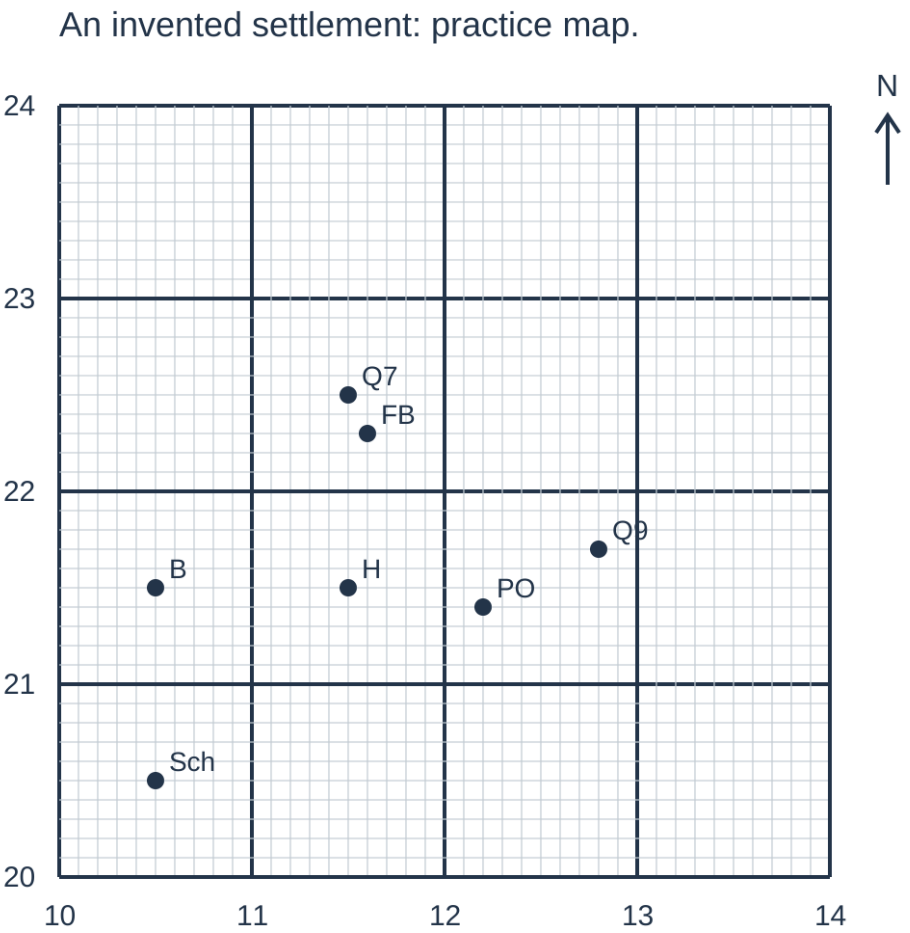

Feedback: □ VF □ WS □ I □ NS □ E □ R □ [//] □ [?] _____

We do · guided record

We do · 8 min · 14 to 22

In your book: One feature and its reference, plus one clue from the grid or key.

Locate a feature together, then check your own choices.

Guided example — the hall

Identify H using the key.

Find the line on the left of its square, then the line below.

Join the two pairs of digits.

Everyone's map checks

1. Identify Sch and give its four-figure reference.
2. Identify PO and give its four-figure reference.
3. Identify FB and give its four-figure reference.
4. Describe the hall's direction from the library.
5. Do PO and Q9 share one four-figure square? Show the evidence.

Record one guided example and one clue.
