### Story sources

Use the case detail. A made-up case is not a real person's story.

This is a short adapted story from a Christian text.

A traveller was hurt on a road. Two people passed by. Another person stopped to help. The helper cared for the traveller and took them to a place to rest. The helper paid a host to give more care.

In this story, the person who showed care acted as a neighbour. Some Christians use this story to think about care. People in one faith can have different views.

Made-up community story: A visitor at a craft club cannot read the small words on a card. They ask for larger print. A helper brings the larger-print card and asks if it suits them. The visitor says yes.

## Cut-out cards and guided record

### We Do

Show one caring act in the class story. Give your own word or phrase to say how it helps.

Have a quiet try before the class check. You may pass.

Guided record: My first try [ ] / My own word or mark [ ] / My check [ ].

In your book: Keep one guided try and one word or mark of your own.

### Main source — story/case cards

This is a short adapted story from a Christian text.

A traveller was hurt on a road. Two people passed by. Another person stopped to help. The helper cared for the traveller and took them to a place to rest. The helper paid a host to give more care.

In this story, the person who showed care acted as a neighbour. Some Christians use this story to think about care. People in one faith can have different views.

### Neutral main source — independent alternative

Made-up community story: A visitor at a craft club cannot read the small words on a card. They ask for larger print. A helper brings the larger-print card and asks if it suits them. The visitor says yes.

A visitor has a small-print card. A helper offers a card with large print. The visitor chooses that card. This is an invented story, not a real person’s record.

### Picture access — Starter observation

A hurt traveller sits by a road. A helper stops nearby. A second picture shows a host and a place to rest. These are learning drawings from the story, not photos of real events.

### Model source — I Do only

Made-up model story: A person drops some paper. Another person asks if help is wanted. The person says yes. The helper picks up the paper.

### Class source — We Do only

Made-up class story: A person cannot reach a low shelf from their seat. They ask for a book. A helper asks which book, then passes that book to them.

### Recall strip — after the first Arrival try only

Keep covered until after the first try.

A person can ask for help. People may choose help or say no. A made-up case can keep private stories private.
