## STAFF ANSWERS · continued

### Starter

Answer (adult): A source observation, such as it is on the floor or belongs to the person; accept one response.

### We Do

Answer (adult): Wait for the agreed turn; the other person's turn matters.

### You do routes

Arrival Answer (adult) fields above render staff-only. Main task: Act A returns the owner's work and is fair/helpful. Act B hides it and prevents its use. Require a pupil-owned source-linked reason; do not assess agreement with a faith or rank beliefs.

Choice requires a pupil-owned word/phrase/reason as well as a selection. Scribing/pointing counts only as the pupil's own directed response, with actual support recorded. No assertion about a pupil's faith, private life or feelings is required.

Feedback/evidence agreement: Same-day evidence — BUILD-RE-S1-W02: the teaching adult is the designated live-capture adult. Capture a pupil-arranged/pointed caring choice with an exactly scribed reason, or the chosen record, using a work-only photo, brief clip or one-line note. Record mode, actual source access, route, I/S/C, exact prompt and before/after-model status. Audience: this adult receives the whole response, names its change or reason back and checks it before tagging. Influence: use that response to select a next teaching step; record actual influence after teaching. Upload the selected item to the evidence app the same day in the 14:10–14:30 check-out slot, labelled BUILD-RE-S1-W02. E marks capture/upload, not closure. R requires both adult receipt and a shaped next step; a photo, a refusal or completion alone never earns R. The subject lead samples weekly; BUILD's daily expectation is not claimed met by a planned lesson.
