RE learns about caring; this activity is not worship

Teacher and cover plan

1. Lesson outcome. BUILD-RE-S1-W06; Caring for others. Outcome: Record a 'caring' response. To be able to… make a record of care. Success today: I can… show a caring act and what it means.
2. Arrival 1–4. 5 min · KEEP. Use one tier: three prior checks and the link. Keep four first responses; recap only after first try. TA: Help locate the first question and begin within about two minutes. Avoid: Do not answer the four questions or open recall resources before first try. VF: “You made a first try. Show me what you want to check.”
3. Starter. 3 min. What does one person not have yet? In your book: Give one short reply or mark. You may pass. TA: Read the one question and allow quiet/private think time. Avoid: Do not add a second question or require public speech. VF: “You chose one detail. I heard your choice.”
4. I Do. 6 min · KEEP. Use the complete I Do method model and its named source. Record one useful model step or word; no board copying. Hide the model before the own task. TA: Support attention to one current model step and useful words. Avoid: Do not give a parallel explanation or ask for slide copying. VF: “This step uses a case detail. You can point to it.”
5. We Do. 8 min · KEEP. Use the We Do source and prompt. Keep one guided example and the pupil’s own contribution before revealing the shared check. TA: Invite a volunteered or private contribution and record the pupil’s own choice before reveal. Avoid: Do not reveal a full answer before the pupil’s try. VF: “Your choice uses this detail. Check this one part.”
6. You Do. 15 min · KEEP. Use the chosen source-based route. Keep the pupil’s response and review within the allocated You Do time; exact route and answer guidance are in Staff_Answers.pdf. TA: Offer independence first; use the held ladder only if needed and fade. Avoid: Do not replace the pupil’s idea or mark prompted work independent. VF: “You used this detail. Try one change, or tell me why it should stay.”
7. Support routes. Independent first; Supported then Choice as needed; Aspire is separate. Staff record actual I/S/C and exact prompts; leave the pupil’s box empty.
8. Adaptations / normal ways of working. One-step instructions, visual/symbol support, model first, reduced writing with talk/point/draw/type options, pre-taught vocabulary, reader/scribe/overlay/extra processing time; Space, private response, optional reflection and pass. Four large blank panels on one page; allow pupil-directed symbols/drawing/scribe. Final reflection is optional; pass is Space evidence, not failure or R. Planned regulation/movement break; return to the first unfinished source step. No cold calling; nobody is asked to read difficult text aloud.
9. TA focus. Designated evidence adult: teaching adult. Record actual source access and prompting; never improve the baseline or mark prompted work independent. Held prompt ladder: page 2.
10. Exit 1–3. 3 min · KEEP. Use one tier and the whole fresh source: both unaltered checks, confidence 1–3 and separate adult prompt record. No other help; use responses for the next lesson. TA: Offer complete fresh-source access and record an attempt or pass, plus actual prompting. Avoid: Never give a content clue or change an answer; close reference/help panels. VF: “Thank you for your own response. It helps us plan.”
11. After teaching. Misconception: _____ Response: _____
Next step: _____ Evaluation: _____
12. Preparation / evidence / cover essentials. PPT; full craft-group case strips, three word/symbol cards, four route pages, four-panel caring record, Pause card, book and drawing tools. Educational RE; optional reflection. No private disclosure or promise. Separate folder model and quiet-seat class case. Full picture descriptions; no sacred original, flame or personal object. Answers: Staff_Answers.pdf. Teaching adult captures the pupil-owned record with exact source access, route, mode, support and before/after-model status. Receive and name it back, then choose the next teaching step. Check and upload the selected evidence the same day, 14:10–14:30. R requires receipt and influence. Half-term task: four blank panels for sign/picture, meaning, respectful act and learning. Check each against the source. Privately authenticate one chosen part without adding content; record exact question, response and adjustments. Pass is Space evidence, not failure or R. KEEP: main-source access, short model, one guided attempt, genuine own response and both Exit checks. Omit Aspire extra work or repeated examples if needed; never omit the pupil-owned core or supply its answer. Six-stage timeline (minutes): 00–05; 05–08; 08–14; 14–22; 22–37; 37–40.

Key answers and adult prompt ladder

Arrival key answers. Supported: 1. Asking what help is wanted.; 2. No.; 3. Stop/fade help.; 4. Yes; prior idea accepted. Standard: 1. What help was wanted.; 2. No; it was an intended response in a made-up case.; 3. Stop/fade help and respect the changed choice.; 4. Words, marks, pictures, symbols or another accessible mode. Stretch: 1. It fitted the stated need and kept the person's choice.; 2. It described an intention, not something claimed to have happened.; 3. Continuing could override choice and become taking over.; 4. What the chosen act/sign means and how it helps; prior idea.
Exit Ticket key answers. Supported: 1. Offers to hold the folder still/waits for agreement.; 2. Helping with a stated need, asking/waiting and keeping choice; own linked response. Standard: 1. Accurate act from the folder-label case; pupil directs the record.; 2. A source-linked explanation of the chosen act and care/choice. Stretch: 1. Holding the folder still is offered to help attach the label; agreement awaited.; 2. It includes waiting/choice and source-grounded help, not taking over.
Answer reference. Staff_Answers.pdf: Arrival and Exit by tier, then guided and route answers. Check the accepted source before accepting equivalent answers.
Prompt ladder for adults. 1. Point to the relevant place / instruction. 2. Ask one short question: "What is it asking you to find?" 3. Rephrase the instruction in simpler language. 4. Provide a scaffold or limited choice. 5. Model the first step only, then return the task to the pupil.
