What do two sacred-text stories say about not giving up?

Today I can… ☐ I can give a detail from each story. ☐ I can explain a resilience idea. ☐ I can separate a story's claim from a promise about real life.

Feedback: ☐ VF ☐ WS ☐ I ☐ NS ☐ E ☐ R ☐ [//] ☐ [?] _____

RE learns about beliefs, change and resilience; this activity is not worship

TA brief

Adult support

1. Prepare complete cards, word meanings, blank record, selected route and Pause card. No live site or missing source is needed. Hide recall and overlapping current content until the first try, and hide all other help at Exit. Record later supported access honestly.

2. Check a start within two minutes, prompt the organiser, rephrase without over-talking and fade after the first success. Independent first, support as needed. No cold calling. A private response or pass is valid. Plan a regulation/movement break with return to one card and the first unfinished step.

3. Two separate short retellings; story/meaning/limit organiser; adult reads without dramatic enactment. Record the level of support, not just success: Independent means no content prompt; With prompt means stem/choice/reminder; Not yet means the adult supplied most content. Never improve the baseline or mark prompted work independent.

4. Keep all six stages at 5, 3, 6, 8, 15, 3 minutes; Opening 0. Keep both source stories, one idea and limit for each, and two Exit checks. Record the pupil's own guided choice, own route response and review. Keep sources, modelled response, supported work and independent reasoning distinct.

5. The designated lesson TA captures two-story source response with limits and a safe application; the lesson teacher receives the whole response and names the change back, then lets it shape a next step. Capture and check before same-day upload to the evidence app with GROW-RE-S1-W03. Use VF, WS, I, NS, E, R, // and ? accurately; the eight-code band is printed above. R requires Audience and actual Influence. No pupil details or assumed loop closure appear in this wording.

Wording only. Read short prompts aloud; allow thinking time, private responses and a pass. Pupils may point, speak, sign, use symbols, draw, type or write. An adult may record only the pupil's own words or directed marks. A pass needs no book entry. No cold calling; nobody is asked to read difficult text aloud. No compulsory pair work, board copying or live website is needed.

Use one Arrival tier, one Exit tier and one You Do route. Offer the independent attempt first; add support only if needed. Supported adds structure; Choice adds limited options and a pupil-owned word, phrase or reason. Aspire is an extension, not a fourth support level. Each route is a separate pupil page. Staff mark actual I, S or C; the pupil page has only the empty I · S · C box.

Keep answers, source notes, assessment guidance and adult records out of pupil view. Keep recall cards and overlapping current cards, organiser and Word page covered until after the first Arrival attempt. The 60-second recap is after that first attempt; record later source-aided answers separately. Show only today's link prompt at item 4. Release current sources in I Do; keep fresh Exit text for Exit only. Hide the complete model before You Do. During Exit close model, organiser, Word help, Help panels and earlier source/reveal panels; show only the fresh stimulus and chosen questions.

RE learns about beliefs, change and resilience; this activity is not worship

TA brief · continued

Adult support · continued

RE care: educational and non-devotional throughout. Reflection is optional and never worship. Use some believers or this person; beliefs and practices vary within traditions, and beliefs are not ranked. Never require a personal object, personal belief, family/community experience, trauma or bereavement disclosure. No compelled forgiveness, ritual, prayer, enacted silence, sacred-text recitation or role-play of belief. Use replicas, protected teaching text or photographs, never authentic sacred objects. State respectful handling before any replica is used; a book, object or place is not the religion. No real flame; use drawing or paper instead. No water or powder is thrown. The supplied neutral community case is available without requiring belief or personal disclosure; preserve the scheme outcome actually evidenced. A pause or opt-out is permitted. Log it as Space evidence after teaching, never as failure or R. Return point: one source card, then the first unfinished step.

Adult-only EHCP opportunities: cognition and learning through evidence use; communication through a source-based response; SEMH through an agreed pause and return; sensory or physical access through a chosen response mode. Observe only a relevant agreed individual outcome. Do not infer diagnosis, understanding or progress from completion, a photograph or adult-supplied content.

Design and cue instructions — adult only: instruction yellow #FFF1BB; scaffold blue #E4EFF9; stretch/Aspire green #E4F2E6; success criteria orange #FFE4C8. Use each only for that meaning. In HTML mark the matching data-kit1-cue role; the kit applies colour. Topic and picture colours are separate. Instruction text is larger than explanation. Use clear sans-serif type,14 pt minimum on all pupil print, white space and overlay-safe short chunks. Reduce visual load, then reading/copying, then repetition, then add structure/prompts; reduce conceptual demand only if still needed.

Footer instruction — adult only: repeat the complete objective "To be able to explain an idea of resilience in two sacred-text stories." on every slide, including Opening. Keep the blank version line separate. Add the stage minutes on all following slides. Blank Date is allowed; no printed teaching date or Week begins line. Source dates belong only to provenance; no teaching calendar date is claimed.

Baseline rule — adult only: record the level of support, not just success. Independent = no content prompt; With prompt = stem/choice/reminder used; Not yet = adult supplied most of the content. Never improve a response so it no longer shows the baseline, and never label a prompted response independent.

Same-day evidence — GROW-RE-S1-W03: the designated lesson TA captures the two-story source response with limits and a safe application, the pupil's exact response, mode, chosen route, actual I/S/C and exact prompt. The lesson teacher receives the whole response, listens or reads from start to finish and names the pupil's change back. The teacher uses it to choose a specific next lesson step, records that influence after teaching, and the TA checks and uploads the selected work or work-only image/brief note to the evidence app that day with GROW-RE-S1-W03. If no TA is assigned, the lesson teacher takes this capture role before teaching begins. A photo alone is not proof of understanding or feedback closure.

Feedback loop — adult only: Space enables Feedback → Voice → Audience → Influence. Give one precise observed success and one next step; invite the pupil's own edit, spoken/pointed revision or reason to retain a claim. The adult receives it in full and names it back; it must shape the next step before R is earned. Capture alone, refusal or an unheard response never earns R. Use live VF by default, a short margin NS for an account or assessment, and protected review time. Teach all eight codes for pupils to use back. Daily GROW evidence is a standing programme minimum, not a quota for each lesson; subject-lead sampling is weekly.

Evidence record — blank, adult only: lesson[ ] / stage and route[ ] / mode[ ] / actual I-S-C[ ] / exact prompt and ladder step[ ] / pupil response[ ] / feedback[ ] / pupil-owned response[ ] / audience received and named back[ ] / actual next-step influence[ ] / agreed outcome observed, if any[ ]. No names or initials go here; use the authorised private system for identities.

Arrival · 5 min

Adult note: Items 1–3 retrieve the actual content of Week 2; item 4 is the final bridge. Take a private first attempt, then offer the supplied recall/recap within the 5 minutes. Keep clues available without giving an answer. Four brief responses, then check; support after reveal is recorded.

I Do · 6 min

Adult note: model one chunk at a time; read only the current card. Do not dictate or require copying. Keep the model visible for the explanation, then hide it before the independent attempt. The four word meanings support tasks; do not point to them during Exit.

We Do · 8 min

Adult note: take individual choices before revealing guidance. Use think time, volunteers, directed choice or private checking. Each pupil makes or directs a mark; do not make the choice for them.

Exit Ticket · 3 min

Adult note: Use one tier and the fresh source below. Two checks per tier; no hints, clues, answer stems or word-card pointing. Read the full stimulus neutrally. Close all other models, source cards, organiser, Word help and Help/reveal panels. Allow about one minute to read and two for the checks plus a quick confidence mark. Do not change answers. Record source reading access separately from content prompts.

Prompt ladder for adults

1. Point to the relevant place / instruction.
2. Ask one short question: "What is it asking you to find?"
3. Rephrase the instruction in simpler language.
4. Provide a scaffold or limited choice.
5. Model the first step only, then return the task to the pupil.
