RE and Worldviews · LAUNCH · Spring 1 · Week 1 · LAUNCH-RE-S1-W01 · Date _____

How can reasons help people make an ethical decision?

Today I can… □ explain a decision with a relevant fact and reason, then recognise a competing concern.

Feedback: □ VF □ WS □ I □ NS □ E □ R □ [//] □ [?] _____

RE learns about ethics and worldviews; this activity is not worship. Reflection is optional and never worship.

Teacher and cover plan

1. Lesson outcome. LAUNCH-RE-S1-W01; Ethics, justice and resilience. Outcome: Ethics: right, wrong & decision-making. To be able to… justify an ethical decision using evidence, a principle and likely consequences. Success today: I can… explain a decision with a relevant fact and reason, then recognise a competing concern.
2. Arrival 1–4. 5 min · KEEP. Use one tier: three prior checks and the link. Keep four first responses; recap only after first try. TA: Help locate the first question and begin within about two minutes. Avoid: Do not answer the four questions or reveal recall before the first attempt.
3. Starter. 3 min. Authored practice choice: a shelf organiser says, “I put the heavy box low because someone could be hurt if it fell.” Question: Which part of the statement gives an ethical reason? In your book: record one brief choice or reason, unless passing. TA: Read the single question once and allow private thinking. Avoid: Do not provide the response or turn this into a second retrieval grid.
4. I Do. 6 min · KEEP. Use the complete I Do method model and its named source. Record one useful model step or word; no board copying. Hide the model before the own task. TA: Support attention to the one chunk and point to its source. Avoid: Do not give a parallel explanation or require copying from the board.
5. We Do. 8 min · KEEP. Use the We Do source and prompt. Keep one guided example and the pupil’s own contribution before revealing the shared check. TA: Prompt one contribution and an exact pupil-owned record. Avoid: Do not complete the guided response for the pupil.
6. You Do. 15 min · KEEP. Use the chosen source-based route. Keep the pupil’s response and review within the allocated You Do time; exact route and answer guidance are in Staff_Answers.pdf. TA: Offer the independent attempt first, then use the held ladder and record actual support. Avoid: Do not give a content answer or leave a complete model visible throughout the attempt.
7. Support routes. Independent first; Supported then Choice as needed; Aspire is separate. Staff record actual I/S/C and exact prompts; leave the pupil’s box empty.
8. Adaptations / normal ways of working. Pre-teach key terms; chunk sources/data; dual coding; model first question/paragraph; scaffold then fade; accessible font/spacing; reader/scribe/laptop/overlay and extra processing time; private pass; planned regulation/movement break, return to step 1 on current source task; no harm enactment or personal disclosure; neutral community-case alternative; no real flame or sacred-object handling; no compelled forgiveness. No cold calling; nobody is asked to read difficult text aloud.
9. TA focus. Designated evidence adult: classroom-support adult; lead teacher receives the full response. Record actual source access and prompting; never improve the baseline or mark prompted work independent. Held prompt ladder: page 2.
10. Exit 1–3. 3 min · KEEP. Use one tier and the whole fresh source: both unaltered checks, confidence 1–3 and separate adult prompt record. No other help; use responses for the next lesson. TA: Ensure an attempt in the chosen mode and record actual prompting. Avoid: Never change an answer or supply a clue, answer stem, Word help or organiser during the checks.
11. After teaching. Misconception: _____ Response: _____ Next step: _____ Evaluation: _____
12. Preparation / evidence / cover essentials. PPT; E1–E4 strips; book; Word help; blank record; route; Pause card. Educational RE; optional reflection. Protected descriptions; no sacred originals, real flame, harm enactment or personal disclosure. Neutral case, private pass and quiet return. All help closed at Exit. Full care/answers: TA_Brief.pdf / Staff_Answers.pdf. Classroom-support adult captures the exact response, mode, route and prompt; checks, tags and uploads to the evidence app the same day, 14:10–14:30. Lead teacher receives the whole response, names the change back and records the actual next step. R requires receipt and influence. Final three minutes of You Do: pupil-owned response. If pending, reserve 10–15 minutes of the next taught session before new input; do not mark R. KEEP: six stages 5/3/6/8/15/3; source, model, guided example, independent response/review and both Exit checks. Shorten repetition or optional Aspire first. Six-stage timeline (minutes): 00–05; 05–08; 08–14; 14–22; 22–37; 37–40.

Key answers and adult prompt ladder

Arrival key answers. Supported: 1. A choice about what to do.; 2. Relevant evidence, such as a record or an observed fact.; 3. Their circumstances or access needs may differ; do not infer any particular personal need.; 4. A relevant fact, a reason and attention to people affected. Standard: 1. A decision names the chosen action; a reason explains why that action is justified.; 2. It supplies information that can be checked against the claim; a guess alone has no identified support.; 3. People have different needs and roles, so the same action can help one person and inconvenience another.; 4. Explain a relevant principle and likely effects using case facts; acknowledge another concern. Stretch: 1. Example: put a box low; because a fall could hurt someone; a possible result is less risk from falling. Credit an equivalent distinction.; 2. An accurate fact may still not bear on the choice. The weight of a box matters to placing it safely; its decorative label may not.; 3. Identical treatment can leave an access barrier in place. Fairness needs reasons about relevant needs and effects, not sameness alone.; 4. Its evidence, principle and trade-off, plus missing information or a condition that could change the decision.
Exit Ticket key answers. Supported: 1. Either the earlier booking, earlier deadline or equal ten-minute need is relevant.; 2. Credit a safe feasible order with an explained reason, such as deadline first with agreement, or booking first if both deadlines can be met. Standard: 1. A booking supports keeping a commitment; the sooner deadline supports considering a changed order. Link fact to option.; 2. Credit a justified order with the other group's concern acknowledged; do not insist on one answer. Stretch: 1. Weigh both commitment and urgency with ten-minute use; a reasoned conditional judgement is acceptable.; 2. A justification connects relevant facts and a principle to consequences for both parties, rather than stating preference alone.
Answer reference. Staff_Answers.pdf: Arrival and Exit by tier, then guided and route answers. Check the accepted source before accepting equivalent answers.
Prompt ladder for adults. 1. Point to the relevant place / instruction. 2. Ask one short question: "What is it asking you to find?" 3. Rephrase the instruction in simpler language. 4. Provide a scaffold or limited choice. 5. Model the first step only, then return the task to the pupil.
