Staff answers and response guide

Personal safety and safer choices

These are possible responses and task guides, not learner observations. Accept a defensible answer based on the facts or actual work. Record each learner's reasoning and support.

Card key

Card	Judgement or step	Possible action
A	Safer route. There is a staffed place to ask for help.	Go to reception and ask staff to help contact a trusted adult.
B	Risk. The person and lift are not verified.	Do not accept or share location; ask a trusted adult to help.
C	Risk. The site is closed and access is not permitted.	Stay out and use an agreed open route.
D	Check first. The new collector has not been confirmed.	Stay with staff and check the change through the agreed contact route.
E	Support needed. Jo's boundary is not being respected.	Move towards a suitable safe, staffed place and seek adult help.
F	Emergency. The person is unconscious.	Call 999 and get adult help now.

Model and hinge

Alex misses the bus after a club. Fact: the planned ride has gone. Risk: being stuck without safe travel. Alex goes to the club's staffed reception. Alex asks staff to help contact a trusted adult. They check a safe travel plan together.

B. The driver and offer are not verified. Alex should remain in a suitable staffed place and ask a trusted adult to help check an agreed travel option. A friendly tone is not evidence of safety. Reteach with an unexpected change to a collection plan. Do not teach that all strangers are dangerous or that familiar people cannot cause harm.

Individual evidence key

Credit an explicit clue, a plausible risk and an action that reduces it, plus an adult/support route. For A use staffed reception; B do not accept an unverified lift; C avoid the closed site; D confirm through staff; E seek support for ignored boundaries; F call 999. Do not award certainty from an unsupported guess or blame a victim.

Feedback boundaries and next teaching

Card A: Do not prescribe a route to a real pupil or collect their journey details.

Card B: Friendliness, profile pictures and follower counts do not prove identity.

Card C: Do not explore a real site or ask pupils to act out trespass.

Card D: Use school collection procedures. Do not make up a promise that a particular adult will attend.

Card E: Do not imply that refusal alone prevents harm. Responsibility belongs to the person causing harm.

Card F: Follow emergency-service instructions; do not practise physical first aid or make a real call in class.

Common misunderstandings

A hazard is a potential cause of harm; risk is the chance of harm. Familiarity and friendliness do not guarantee safety. A safer plan reduces risk but cannot guarantee nothing will happen. Someone who is harmed is not to blame for another person’s behaviour.

Teaching boundary

Use fictional situations and a pass option. Do not rehearse threats, harassment, being followed or a collapse. Avoid victim-blaming. Listen calmly to a real concern and follow local safeguarding arrangements separately from learning evidence. Emergency examples are verbal only.

Feedback

If a reason is missing, return to the fact or actual work. Re-model a different example, then keep the learner’s own revision. Use NS+ and the learner response in their own colour before R. E means evidence actually banked. Keep safeguarding records separate.

Assessment boundary

LAUNCH-PSHE-W3-E1 contributes to the source assessment. No criterion, registration or award completion is invented. Sources: FACTS_LEDGER.md.
