Station support one

Thursday 5 November 2026 | 12:50–14:10 | Year A

Set up

P5: support mixed team A. Put out role cards, the three route sheets, an approved extract and pencils. P6: support team A with the cost cards and a calculator if useful. The teacher introduces and leads both shared tasks. Offer white, blue or pink paper with the same words and finish.

What to do

P5: help pupils choose what they want to see at the open-air museum, form a then and now question and assign shared roles. P6: help the team include ten pupils and four adults, compare transport totals and add ten per cent to the whole planning total. Keep the shop reserve clear; spending nothing is valid.

What to look for

Look for a choice linked to an extract, a question the exhibit could answer, a fair role and a checked calculation. Keep one home pupil at the team while short appointments take place. Help returning pupils rejoin the cost check.

What to record

Use anonymous codes. Keep one actual action or exact scribed sentence, the work or photo reference and actual help. Do not fill in success before it happens. Award masks remain [AWARD] and [QUAL].

Prompt and finish

Point; ask a short question; rephrase; offer a frame or choice; model the first step only, then return the task. No cold calling. A pupil may pass, point or answer privately. Finish: P5 plan and optional pitch; P6 checked cost and one-line budget pitch. No heat or food activity.
