Purpose and success checks

What evidence shows my safe choices and help routes?

I can explain a safe choice using a clue. I can show a first help route and backup. I can keep my own wellbeing evidence.

GROW-PSHE-W7-E1: Individual December keeping-safe/wellbeing task: core A–C decisions with reasons, updated trusted-role network/access routes, wellbeing step and checked evidence references.

Before pupils arrive

Retrieve authentic W3–W6 evidence and the role map. Provide fresh A–C cases, sheets and usual support. Identify the available first and backup adult; have the normal evidence-storage route ready.

Offer processing time, a quiet start and the usual communication support. Capture each learner’s own work. Read the Staff Answers before teaching.

Calendar and continuity

Monday 14–Friday 18 December 2026. One lesson per week on this line. No teaching day or clock slot is inferred.

Staff enter the actual teaching date above. Continue the accepted prior-week evidence and support routines.

Forty minute sequence

Slide	Min	Action
1	0	Open title and big question before timing.
2	4	Private check-in, quiet start and support choice.
3	2	Read the diagram; hear one clue or question.
4	0	Read the exact objective and success checks.
5	5	Model the six lines; explain the reason for each.
6	5	Ask for a hinge answer and reason; reteach if needed.
7	12	Use the six cards and the Supported/Independent/Aspire routes.
8	6	Complete the individual two-page evidence record.
9	4	Check ownership, support, response and next step.
10	2	Take a short quiet exit response.
11	0	Use the vocabulary mat throughout.
12	0	Hidden reference for adults.

Hinge and reteach

C. A blank form does not show a learner response. Retain real choices, reasons, help routes and the support given. Reteach using an adult example clearly labelled as a model, then collect a new learner-owned response.

Access and practice

Supported: hear the cases and point or speak. Independent: explain a clue and a safe step. Aspire: apply the skill to D, E or F.

Use A–C as the core assessment. Read aloud or scribe without giving the answer; record support. Offer D–F only after core work. Review the network and wellbeing step, then identify the exact work to bank.

Begin evidence during practice and finish during capture. Accept speech, pointing, drawing, writing or usual AAC. Scribe exact words without supplying the assessed reason. No forced pair work or public performance.

Safe teaching evidence and learner voice

Boundaries

No forced disclosure. Personal networks use roles and are checked privately. Assess choices and reasoning, not personal experiences. Separate safeguarding information from learning evidence.

Assessment and feedback

Require each core case A–C, a first adult and backup with access routes, and one wellbeing step/reason. Accept accessible response modes and record prompts. Reuse authentic W3/W5 work only after checking it remains current and adding the review. Label fictional network practice accurately. Bank actual work; leave gaps visible.

Retain actual work, response mode and support. Use VF · WS · I · NS+ · // (self-edit) · ? (read back) · R (responded) · E (evidence in the school's evidence record). R requires Voice, Audience, an NS+ prompt and the learner’s response in the same colour, on the same page or usual mode. Record E only after evidence is banked. Blank forms and adult models are not completed learner evidence.

Lundy moments

Space: calm, accessible participation. Voice: a choice, reason or help request. Audience: the adult listens or reads and replies. Influence: record the support or next-step change made in response.

Speaking listening and writing

Explain a choice, confirm an adult route and state a personal next step. The receiving teacher maps authentic responses to their own portfolio; no communication criteria are assigned here.
