Staff answers and response guide

Adult life choices and responsibilities

These are possible responses and task guides, not learner observations. Accept a defensible answer based on the facts or actual work. Record each learner's reasoning and support.

Card key

Card	Judgement or step	Possible action
A	Money task. Total planned spending is £13.	Show £20 minus £6 minus £7; £7 remains.
B	Work task. The instruction is not understood.	Ask the supervisor to explain before starting.
C	Privacy task. The information belongs to someone else.	Do not share it; seek trusted-adult help if pressured.
D	Personal safety. The new plan is unconfirmed.	Stay with suitable staff and check the agreed contact route.
E	Participation. Only one way to contribute is offered.	Ask for a written or other accessible option.
F	Health choice. The contents and effects are unknown.	Do not take it; move to support and tell a trusted adult.

Model and hinge

Model: Jo has £15 for travel and food. Travel costs £4 and food costs £5. £15 − £4 − £5 = £6 left. Jo keeps the £6 for later needs. If a cost is unclear, Jo checks before spending. Jo records the sum and the reason for the choice.

C. Clarify before acting, especially where safety or money is involved. Asking for help is responsible. Reteach with a harmless packing instruction, then use a fresh task to assess the learner's own decision.

Individual evidence key

A: £7 remains, with a visible calculation or explained counter method. B: ask the supervisor to clarify the unclear step before acting, with a reason. C: do not share someone's private address; use trusted support if pressured. Require all three core tasks, record help and leave gaps explicit. Prior work supports review but does not replace missing current responses.

Feedback boundaries and next teaching

Card A: Core task: fictional prices, not current market prices or personal finances. Accept counters/number line; record support.

Card B: Core task: assess a clear question and reason. No live work placement is assumed.

Card C: Core task: link privacy/respect to a clear action.

Card D: Optional transfer. Do not collect a real travel plan.

Card E: Optional transfer links to Week 6 without article numbers.

Card F: Optional transfer. No props or real substances; real poisoning concerns need urgent medical help.

Common misunderstandings

A responsible adult can ask for help. Fictional prices do not establish a real budget. Accuracy matters more than appearing confident. This task contributes to the source assessment without proving an award is complete.

Teaching boundary

Use fictional money, work and safety cases. No personal finance, family or substance-use disclosure is required. Do not start real purchases or contact workplaces. Safeguarding concerns go through the separate staff route.

Feedback

If a reason is missing, return to the fact or actual work. Re-model a different example, then keep the learner's own revision. Use NS+ and the learner response, in the same colour, on the same page or usual mode, before R. E means evidence actually banked. Keep safeguarding records separate.

Assessment boundary

LAUNCH-PSHE-W7-E1 contributes to the source assessment. No criterion, registration or award completion is invented. Sources: FACTS_LEDGER.md.
