A role is a starting point

Choose by actions, not just a title.

A trusted adult listens and takes a concern seriously.

They respect boundaries and explain the help they can offer.

If the first person cannot help, try another trusted adult.

A visual guide

A network gives us more than one route to help.

The diagram is an example, not a record of your work. Use a fictional case or speak privately to staff. No personal details need to be shown to the group.
