Subject: Staff cake sale for Zoe’s Place
Hello,
Please support our staff cake sale for Zoe’s Place on Thursday 3 December 2026, 13:30–14:10. Care is free for families. Ask the project team for the agreed stall space. Please ask the supervising adult about ingredients or allergies.
Thank you,
The project team

Our checked fact strip

Zoe’s Place helps very young children and their families.
Care is free for families.
Public donations help fund the care.

Use the agreed Lesson 3 record first. Ask an adult to check facts, time and stall space.

Finished planning models

Teaching examples. These are not our agreed items, prices, stock or roles.

Model output	Finished example
Menu card	Plain cake · £1 each. Teaching price only.
Stock plan	Plan 12 cakes. Need 12 packs. Have 10 clean packs. Need 2 more.
Rota entry	Stock check · example learner · before set-up · adult helps · then a break.
Pack check	Pack fits the model item. Food name and checked label can be read.

The stock gap is 12 minus 10: 2 packs. Planned cakes are not a count of cakes made.

Check a real food label and pack

Use the actual adult-checked label from our project. Use the real ingredient packs.

Cue	What we check
	Match the food name to the item.
	Read every ingredient and topping with the adult.
	The adult checks allergens and any changes.
	Match the checked label to each pack. Keep it clear.
	If a detail is not clear, stop and ask the adult.

A tick list is not a full food label.
I copied __. The adult checked __.
For a food question: I will ask the adult.

Staff: bring a completed checked label and its real packs from Lesson 7. This reference gives no made-up ingredients, allergy promise or completed food approval.
