

My interests and working preferences

What do I enjoy, and what helps me work?

I can identify things I enjoy and say whether I prefer working indoors/outdoors, with people/things, or active/quiet tasks.

Use your own safe examples or the fictional case. Share only what you choose.

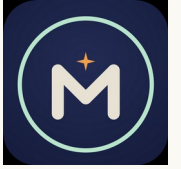

Words that help

INTEREST

An activity or topic a person enjoys or wants to explore.

PREFERENCE

A way of working someone tends to choose.

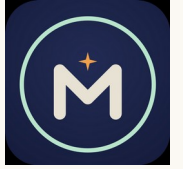

Start here

Does enjoying drawing mean someone already has every design skill?

Can a preference change with experience?

Answer yes / no / not sure, then explain one.

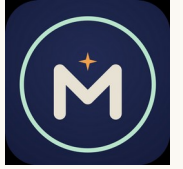

Interests are clues

Interest: something you enjoy or are curious about.

Preference: a way of working that may help you.

You may choose both, a mix or not sure yet.

Is an interest the same as a guaranteed career?

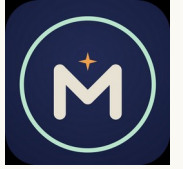

Sam's profile — use only the clues

Sam enjoys drawing maps and showing a classmate how a program works.

Noise makes concentrating harder; a written task list helps.

Sam is happy using a computer for part of a lesson.

Name one interest, one preference and one unknown.

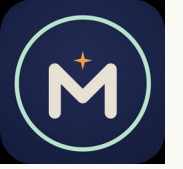

Choices can be a mix

Indoors / outdoors / both / unsure.

With people / independently / both / unsure.

Steady routine / variety / both / unsure.

Could a person prefer people and a calmer place?

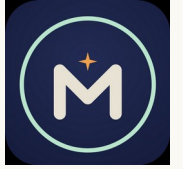

A clue is not a rule

A: “Sam plays games, so Sam must become a game designer.”

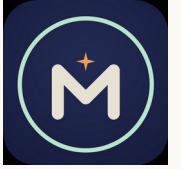

B: “Sam could explore digital tasks and see which parts are enjoyable.”

Choose the better statement.

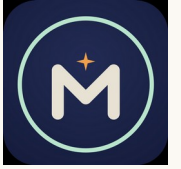

Your three tasks

1. Select interests: Choose three for yourself or Sam. Add a curiosity if you are unsure.
2. Choose how to work: For each pair write left / right / mix / unsure. Explain two choices.
- 3. Make an exploration card: Link an interest or preference to something worth finding out.**

Your three tasks — continued

Use the worksheet and resource cards. Work one task at a time.

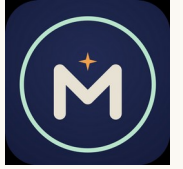

Check and improve
