

Meet the materials and joins

Autumn 1 · Lesson 5 · Which material and join fit the job?

Name (optional): _____ Date: _____

Show your ideas by writing, drawing, pointing or speaking. An adult can record your words.

1. Describe two samples

Use these words: soft, bends, see-through. B is felt: soft, bends, not see-through. E is net: bends, see-through.

- Choose two words for B.
- Choose one word for E.
- Point to the sample you would try for a card pocket.

2. Name the joins

Match the method to what you can see or read.

- An adhesive layer between fabric pieces.
- A cold sticky strip pressed between pieces.
- Thread passing through the two layers.
- Circle: made / inspected / paper model for your own work.

My learning record

Lesson 5 · Continue your thinking

3. Read a result

Sample Repeat 1: glue held; tape opened; stitch held.

- Name or point to one join that held.
- Which join opened?
- Wet glue needs more curing time. Choose: test now / leave to cure.

Useful words

property: A feature of a material that can be observed or tested. / join: A connection between two pieces. / overlap: The area where one piece lies on another. / fair test: A comparison that keeps relevant conditions consistent.

Exit check

What is the difference between a made join and an inspected join?

My next step

One thing I can practise or improve:

Adult record: response method _____ support _____ evidence _____

Design my card pocket

Autumn 1 · Lesson 6 · Can someone make the item from my plan?

Name (optional): _____ Date: _____

Show your ideas by writing, drawing, pointing or speaking. An adult can record your words.

1. Choose the job

Choose Alex: spot the pocket quickly, or Rowan: a simple quiet design.

- My user is...
- My item is a pocket / flat decoration.
- My material is the felt sample / paper model.

2. Show the design

Draw, trace, dictate or label the pattern for your chosen item.

- Name the fabric or model material; add a useful property.
- Pocket: blank 100 × 170 mm; folds 30 mm and 100 mm from the top; two 10 × 70 mm side joins; opening stays clear.
- Flat decoration: backing 100 × 70 mm; front 60 × 50 mm; centre the front and use two 10 × 50 mm side joins. No folds or opening.
- Show the front symbol or stripe, clear of the joins.

My learning record

Lesson 6 · Continue your thinking

3. Put the stages in order

Number the first three actions first, next and last. Then name one detail added to your plan.

- Test the item when its join is ready.
- Check the plan and approved materials.
- Join using the plan: fold the pocket, or centre and attach the decoration panel.
- Name one detail your partner helped you add.

Useful words

brief: The job and checks that a design must satisfy. / prototype: A first version made to explore and test a design. / allowance: Extra space reserved for a join or construction step. / dimension: A measured length, width or height.

Exit check

Why should a pocket's opening be marked on its plan?

My next step

One thing I can practise or improve:

Adult record: response method _____ support _____ evidence _____

Make my item and check it

Autumn 1 · Lesson 7 · Does my textile item meet its brief?

Name (optional): _____ Date: _____

Show your ideas by writing, drawing, pointing or speaking. An adult can record your words.

1. What I did

Point, tick, draw or tell an adult what actually happened.

- I used fabric / paper / the fictional record.
- I made / directed / inspected / recorded.
- One step I checked was...

2. What the check showed

Use your item, or the fictional pocket: card fits, left side opens on check 2, stripe clear. For a flat decoration, check panel position and three gentle lifts.

- Pocket card fits / decoration panel is centred: worked / not yet / not checked.
 - Both joins stay attached for 3 gentle checks: worked / not yet / not checked.
 - Clear symbol: worked / not yet / not checked.
-

My learning record

Lesson 7 · Continue your thinking

3. One next step

Choose or say what would help the item meet its job.

- If a side join opens, I could ask for help to...
- After a repair is ready, I should...
- If it is still curing, I should...

Useful words

construct: Put the planned parts together. / criterion: One check in the design brief. /

evaluate: Judge how well the item meets its stated checks. / retest: Repeat a check after making a change.

Exit check

What is a useful improvement?

My next step

One thing I can practise or improve:

Adult record: response method _____ support _____ evidence _____
