Name: _____ Date: _____

You may write, type, say, sign, point or direct a partner. An adult can read the words and record your exact response. Keep the choice and explanation your own.

We do • make a choice and give a reason

What should the named audience do before giving praise or correction?

- Restate the enquiry, claim, evidence and limitation in their own words.
- Vote for the most confident speaker.
- Decide whether the work has passed a UAS unit.

Enquiry

How can I communicate a careful map-and-source finding so an audience can restate it accurately?

Independent mission

Prepare and deliver a 60–90 second Belonging Briefing to the named audience. Include claim, mapped example, two source details, comparison or explanation, limitation and one evidence-led resource/access recommendation.

Supported route

Use six cue cards and an agreed response mode; audience records an exact restatement.

Prompt frame: My claim is _____. The map shows _____. Source _____ says _____. Source _____ says _____. This may support belonging because _____. It cannot prove _____.

Standard route

Deliver a coherent briefing and answer one evidence question without losing the qualification.

Method: Claim → map → evidence A/B → link/explanation → limitation → recommendation.

Stretch route

Adapt the briefing to a second audience or defend the claim against a changed-scale/source-perspective challenge.

Method: Audience/register change → challenge → defended or revised judgement.
