Short horticulture knowledge card

Pink supported edition

Horticulture: soil, seeds & planting.

Our crop

Untreated garden pea seeds.
An indoor observation tray. No eating or tasting.

Sow

Use the checked growing medium and draining tray.
Seeds go 2.5 cm deep and 2.5 cm apart.
Use the adult-marked blunt guide.

Care

Cover gently and water as shown.
Keep in a safe bright place, away from heaters.
Check before watering again.
Record real growth or no visible change. An adult checks root space.
