Tool knowledge and hazard picture

Pink supported edition

Using gardening tools safely.

Names and jobs

Tool	Job and limit
Hand trowel	Scoop medium or make a small planting hole. Work over a tray.
Hand fork	Loosen soil in a clear area. Keep away from living roots.
Secateurs	Cut suitable small stems. Adult controls blades and permission.
Watering can	Give controlled water after checking moisture.
Gloves	Help protect skin. They do not make blade contact safe.

The adult checks each tool. You may observe or record. Secateurs stay closed and locked for pupil carrying.

Spot a hazard

The picture is invented. Look at one panel. Tell the adult or use your book.

Panel __ shows __.
A safer action is __.

Discuss the picture. Do not recreate the hazards.
