Tool safety and hygiene card

Pink supported edition

Maintaining a growing area.

Check first

The adult checks the area and tools.
Wear suitable footwear. Cover cuts and use gloves.
Keep routes clear. Stop if something is unsafe.

Look and care

Check before watering.
Remove only an unwanted plant the adult identifies.
Keep tools away from crop roots.
Look at pests or damage. Tell the adult.

Tool safety and hygiene card continued

Pink supported edition

Use tools safely

Keep tools low and points away.
Park tools before changing jobs or pausing.
Use a brush and clean water on checked pots.
The adult handles sharp objects and chemicals.

Finish

Clear spills and store tools.
No tasting, sniffing or blowing material.
Wash hands with soap and water, even after gloves.
You may observe, label or record instead.
