Words for our practical jobs

White standard edition

An adult can read each word aloud.

height

Vertical distance from the agreed start to the agreed growing-tip endpoint.

whole leaf

One expanded leaf unit attached to the main stem, not each leaflet.

condition

What is visibly noticed, such as green, pale, firm or leaning.

series

Values that belong to the same identified subject or consistent method.

scale

Equal number steps on a graph axis.

pattern

A change or relationship supported by the recorded figures.
