Growth record through Week 5

White standard edition

Record growth (links Science).

Continue the original record

Crop: garden pea
Original tray code ____ Marked shoot code ____
Measuring endpoint and precision ____

Keep earlier sheets and entries. Copy them accurately only if needed. Missing earlier values stay unavailable. Whole-leaf counts or condition not recorded before must not be invented.

Add the actual Week 5 entry

Measure the same marked shoot with the agreed method. Count whole expanded leaves at the stem, not leaflets or tendrils. Record condition, moisture and care. No emerged shoot means no measurable height; a missing value is not zero. Mark any method change or moved plant.

Growth record through Week 5 continued

White standard edition

Real weekly observations

Retain earlier records. Add your actual Week 5 figures and observations.

Week	Growth check	Care and record
1	Height ____ cm Whole leaves ____ Condition ____	Moisture ____ Care given ____ Change or limit ____
2	Height ____ cm Whole leaves ____ Condition ____	Moisture ____ Care given ____ Change or limit ____
3	Height ____ cm Whole leaves ____ Condition ____	Moisture ____ Care given ____ Change or limit ____
4	Height ____ cm Whole leaves ____ Condition ____	Moisture ____ Care given ____ Change or limit ____
5	Height ____ cm Whole leaves ____ Condition ____	Moisture ____ Care given ____ Change or limit ____

Adult daily care includes absence and nonteaching days. No change or no water needed can be true. No tasting or eating.
