# Finish and present our horticulture work

Pink supported edition

Horticulture outcome.

## Check the records

Find the actual tray and shoot code.
Keep earlier entries.
Check units and method.
Leave a gap if a value is missing.

The adult shows one whole open pea leaf.
Do not count each leaflet or tendril.

## Choose a finding

Point to one actual result.
Say one limit or care decision.

# Finish and present our horticulture work continued

Pink supported edition

## Check our calendar

Crop A ____
Sow month ____
Plant-out month ____
Harvest month ____
Space or care check ____

Crop B ____
Sow month ____
Plant-out month ____
Harvest month ____
Space or care check ____

The group plan is confirmed / provisional.
A check still needed ____

## Show your work

My records show ____. Our calendar choice is ____ because ____.

One limit or care point is ____.

You may speak privately, point or ask for scribing. You do not have to speak to the group.

## Keep it honest

Use actual records, not model figures.
The guide is not automatically our plan.
Staff leave unobserved skills unticked.

Park tools and wash hands after handling.
Tell the adult before a quiet pause.
