Plant care outcome jobs

Pink supported edition

Horticulture outcome.

Find and check

Find the crop and original code.
Choose a job with the adult.
Check if the plant needs more room.

Do only what is ready

Keep pea roots in their root ball.
Do not pull tangled roots apart.
Pot on only if needed and ready.
Otherwise give suitable care and record waiting.

Pink supported edition

Plant out only with all checks

Original pea trays stay indoors.
Another already-confirmed suitable crop only.
Hardening off already completed.
Suitable weather, ground and adult permission.

If a check fails, use suitable indoor care.
Keep the crop and original code.
Record any move, care or new position.

Finish safely

Return tools and clear spills.
Wash hands with soap and water.
