Teacher and cover plan · kit and timing

12. Kit safety evidence and timing

Optional model rehearsal: clean blunt adult-checked rock samples, job cards and tray. Feel one safe face, compare a feature with a job card, give a reason. A small board is for a teacher-approved marking check only. No core practical is claimed.

Risk: rough or sharp edges may scratch. Use clean blunt samples on a stable tray. No tasting, dust or forced touch. Wash hands. Staff check school risk assessment and exact kit; picture/pointing remains valid.

Evidence: each learner's observation or labelled explanation, review edit and Exit. Use SCI-BUILD-A2-W04. Keep adult prompt records separate.
