Tools, Equipment and Safe Use

Task guide

Name the job and choose a suitable tool.

Ask the adult to check the tool, task and space. Use only kit you have permission and training to use.

Follow the adult model for grip and use. Stop if the tool slips or looks damaged.

Follow the agreed cleaning method. Ask where the dry tool is stored. Check the station is ready for the next person.

Check the work against these steps. Record help used.
