Arts log portfolio audit

GROW Creative Arts · Spring 2 Week 1

Check real items

Date of this check _____

For each item, point to its page or storage place. Keep the original date if it is known. Date any new note today. Never guess a date or a past event.

Item one

Item or page _____ Original date if known _____

My own part and choice _____

Clear / needs a note / missing

My next action _____

Item two

Item or page _____ Original date if known _____

My own part and choice _____

Clear / needs a note / missing

My next action _____

Item three

Item or page _____ Original date if known _____

My own part and choice _____

Clear / needs a note / missing

My next action _____

Adult model portfolio samples

GROW Creative Arts · Spring 2 Week 1

Model only

These invented samples show how to check a record. They are adult teaching examples. They cannot become evidence of a pupil's work.

Sample one clear

Sample class drama trial - model record for Monday 22 February 2027.

Art form: mime. Role: director. I asked the performer to pause before the final fold. I chose the pause so the new plan was clear. Next I will test facing the viewer.

Sample witnessed action: the director indicated the pause by open hand and confirmed the reason. This is an invented model, not a record of a real pupil.

Sample two needs a note

An invented drama plan has three boxes: start, change, next. A note says: We tried the story. The plan is available, but it does not state the maker's own part or choice.

Ask the maker what they really did. Add only confirmed words, dated today. If this cannot be confirmed, keep the gap.

Sample three missing

A blank log page has no work, date or observation. There is no evidence to check. Mark missing.

Make or direct a fresh two-pose scene today. Keep a new witnessed note with today's date. Do not turn a blank page into an invented past event.
