Scheme outcome

Rehearse and refine the group performance.

Evidence to look for

Keep the available earlier plan with its original date, a new dated rehearsal note, the actual feedback and each learner's confirmed choice and reason. Show the part before and after a change when possible. Record support and any unfinished work honestly. Fresh work is dated today. A photograph or recording is optional under local consent procedures and is not needed.

Model responses

Teacher model only: I directed the cue into the result. I waited until each role was ready. The viewer saw the new small move start together.

Teacher model only: The viewer still missed our choice. I will try a pause before What could we try? in the next rehearsal.

Checks and corrections

Refinement needs a new story - Keep the four-beat scene. Compare one feature across two short trials.

A viewer's response must match our aim - Keep what the viewer really saw. Use a mismatch as information for the next trial.

Group success proves everyone made every choice - Record each learner's actual role, decision and help separately.
