A moment to reflect

Take part in a reflective activity.

Resilience & Change

Our choices

You can think, speak, point or draw.

You can keep your eyes open.

You may ask for a quiet pause.

Time to think

Reflection means time to think carefully.

People reflect in different ways.

A quiet minute is one choice.

A choice of activities

Choose a care card about a made up pupil.

You may hold a safe thinking stone if you wish.

You could add a thought to a reflection wall.

A small reflection

A new pupil is not sure where to sit.

What kind action could help?

Think for up to one minute. You may speak or move.

Our talk

My care card was ____.

My thought or chosen action is ____.

A reflection can stay private. You can pass and return.

Your response

Supported: hear a card and choose an action.

Independent: share a thought about care.

Aspire: explain why the action might help.

Our exit

Show one activity you took part in.

What could help someone reflect?

Silence is a choice. It is not a success rule.
