Learning outcome: Describe how a natural hazard affects people and places.

You may point, write, type, speak in private or direct a scribe. You may pass. Reading aloud is your choice.

Route Supported

1. Use E1 to E4, one card at a time. An adult may read. You choose the effect.

2. Point to people, places or both. Then point to short term, long term or both. Keep the two choices separate.

3. Record all four choices in your book. Use a ready-cut card code or direct a scribe. Give one fact as a reason.

My own finish

In your book, make a record for cards E1 to E4. For each card, choose people, places or both. Then choose short term, long term or both. Use the card to give one reason. Finish with two linked sentences about the Japan case.

One effect was ____. It affected ____ because ____. This was ____ term because ____.

My check

I used the facts. I made my own choices. I gave a reason. I can show the help I used.

Use the agreed quiet signal for a pause. Stay with the adult in the usual place. Rejoin with one card check. A neutral shape task is ready.
