Maps data and community choices

Friday 19 March 2027 | P2 | 40 minutes | Year A

Humanities | GROW | Spring 2 Week 4 | HUM-GROW-S2-W04

Today we compare groups and show map and data evidence.

You may point, write, type, speak in private or direct a scribe. You may pass. Reading aloud is your choice.

Route Aspire

1. Complete the same small report, map and data checks.

2. Use exact values to find the 2025 minus 1980 difference. Say why two selected years alone do not prove a long-term cause or a local trend.

3. Explain how A and B could share both care and scientific evidence while choosing different actions. Do not rank beliefs.

My own finish

In your book, make one small report. Keep your own map check: locate UK and Japan, then add a key. Present the UK values for 1980 and 2025 with years and C units. Give one careful data statement. Compare Groups A and B: one shared aim, one different action and a link to a stated value.

My map shows ____. The UK mean was ____ C in ____ and ____ C in ____. Both groups ____. Group A ____, while Group B ____. One reason is ____.

My check

I used the facts. I made my own choices. I gave a reason. I can show the help I used.

Use the agreed quiet signal for a pause. Stay with the adult in the usual place. Rejoin with one card check. A neutral shape task is ready.
