Words for Values and resilience review

Pink supported print

Value

An idea about what matters and how to act.

Resilience

Finding a way to keep going or adapt after a setback, with support when needed.

Reflection

Thinking carefully about a choice, its reasons and a next step.

Words continued

Care

Taking account of another person's or living thing's needs.

Fairness

Taking people's needs and equal worth seriously.

Evidence

An actual response or piece of work that helps show what was understood.

Plan in any language. Ask an adult to read a word aloud.
