Materials and plan evidence sheet

Design and Technology LAUNCH Spring 2 Week 2 Thursday 4 March 2027 P1 Year A

Outcome verbatim: CONSTRUCTION: select materials and plan the build.

Keep the pupil’s own material choice, cutting list, safe sequence and card mock-up record. Record the actual date, book location and help. Do not pre-fill results.

Feature	Actual evidence or comment
Material and purpose-linked property	_____
Join and safe reason	_____
Actual sample trial or model information	_____
Parts quantities sizes and fold marks	_____
Sequence with tool and safety column	_____
Mock-up status and actual test or pending	_____
One real change or next check and why	_____
Actions by pupil and adult support	_____

Pupil words

I choose ___ because ___. My first safe step ___. My mock-up showed ___ / is still pending. I will change or check ___ because ___.

Adult record

Actual date ___. Book or evidence location ___. Approved plan / revision pending ___. Scribed words confirmed yes / not yet ___. Physical actions not yet done ___. Next step for Week 3 ___.

A material-free plan can show choosing and sequencing. It does not prove actual cutting, joining or a card mock-up. Evidence can support the unit award; no completion is claimed here.
