Strength and finish evidence sheet

Design and Technology LAUNCH Spring 2 Week 4 Thursday 18 March 2027 P1 Year A

Outcome verbatim: CONSTRUCTION: evaluate strength and finish.

Record the actual evaluation, real improvement and recheck. Model-based planning and unperformed tests stay clearly labelled.

Evidence	Shown or pending and comment
Actual item and prior design record	_____
One-card strength result with actual count and time	_____
Finish quality finding from the actual item	_____
Approved improvement and purpose-linked reason	_____
Fair one-card recheck and actual result	_____
Remaining gap actual support and next step	_____

Pupil words

My strength check showed ___. My finish finding was ___. I changed ___ because ___. The recheck showed ___ / stays pending because ___. Scribed words confirmed yes / not yet ___.

Adult record

Actual date ___. Evidence location ___. Pupil action ___. Adult action ___. Test clearance and stops ___. Optional comparison separately recorded ___. Next gap ___.

A tick records lesson evidence. It does not certify maximum load, safe use for other objects or completion of the unit award.
