Offer to the Communication portfolio. Keep the learner's own idea, an actual adult audience reply, one NS and the learner's response in the same colour, on the same page or usual mode before R. E follows actual evidence banking. Record actual help. A partner's answer cannot establish both learners' understanding.

Paper, a worked model, a partner's answer or adult typing does not establish the learner's spreadsheet use or digital authoring. Keep unobserved elements as gaps. This record does not assume the unit award is complete.
