Enterprise practical jobs

White standard edition

Enterprise: from garden to table.

Practical sort

1 Choose a card-moving, pointing, observer or recorder job.
2 Look at each invented offer. Decide product, service or both.
3 Give a reason using item or help.
4 Say who could find it useful, by type rather than name.

Use clean empty pots and labels if available, or paper only. No food, money or customer contact is needed.

Sort words

Product: an item offered.
Service: help or an action offered.
Both: explain the item and the help.

My first idea

My idea is ____ for ____ because ____.

Use your book or tell the adult what to scribe. A customer type might be a beginner or someone caring for seedlings.

A useful reason

It could help them by ____.

Keep the idea as a first choice, not a promise of sales. You may change it later. Return materials and clear the workspace. Tell the adult before a quiet pause.
