Tool safety and hygiene card

Pink supported edition

Produce & prepare the product.

Before making

The adult checks the materials and tools.
Keep the route clear.
You may label, observe or record.

Clean hands

Wash before clean paper work.
Wash after plant, pot or soil contact.
Cover cuts. Use suitable gloves for soil.
Keep food and drink away.

Tool safety and hygiene card continued

Pink supported edition

Tools and plants

Use pencils and prepared parts.
Use a hand tool only after adult demonstration.
Carry a trowel low with its point down.
No sharp blades, chemicals or tasting.

Stop and finish

Stop for spills, damage or uncertainty.
Tell the adult and avoid raising dust.
Park tools, clear up and wash hands.
Ask the adult to release checked work.
