Enterprise session jobs

White standard edition

Evaluate enterprise; evidence.

Use the evidence

Work in your book or tell the adult what to scribe. Use real records where they exist and keep missing fields honest.

Sort real records into sales, costs and work evidence.
Keep the invented model apart.
Find the float and leave it out of income.

Check the result

Receipts = takings - refunds.
Result = receipts - all relevant costs.
Include the whole batch and unsold items.
Write unknown for a missing figure.
