Presentation step cards

Tuesday 8 December 2026 | P6 | 40 minutes

Today I can

I can make three slides easier to read and navigate.

1 Keep the facts

Use the task brief. Paper packs use 12 points, card packs 10 and fastener packs 8.

2 Repair the text

Give each slide a clear title. Use short sentences and larger dark text on a light page.

3 Describe the chart

Add alternative text that tells the reader the useful meaning. A file name is not a useful description.

4 Check the order

Check title, chart and comparison in the reading-order tool. Use labels and words as well as colour.

5 Explain and save

On slide 3 explain one change and why it helps. Preview all three slides, save, close and reopen.

Private responses

Plan in your book or type privately. Point or speak quietly to an adult. You do not need to read aloud or give a live talk.

Words for clear slides

Tuesday 8 December 2026 | P6 | 40 minutes

audience

The people who will use the slides.

accessible

Designed so more people can use the content.

contrast

How clearly text stands out from its background.

alternative text

A short text description of the meaning of an image.

reading order

The order in which slide objects are read.

preview

Check how the slides work before sharing them.

A useful reason

I changed ... so that the audience can ...

_____

_____

Knowledge organiser

Tuesday 8 December 2026 | P6 | 40 minutes

The aim

I can make three slides easier to read and navigate.

Clear content

Use one main point per slide and a useful title. Keep the facts correct. Short sentences help.

Readable text

Use a plain layout, larger text and strong contrast. For this practice use body text at least 28 and check it on the display.

More than colour

Use names and values with colour. The audience should not have to guess what a colour means.

Images and order

Describe the meaning of a useful image. Check the title comes first in reading order. Then the image and the comparison.

My success checks

[ ] I used clear titles and readable text.
[ ] I described the chart and checked the reading order.
[ ] I explained one change, then saved and reopened my slides.

Where this leads

Office and support roles use clear slides to explain information. Describing one access change gives evidence of a communication skill for an application.

Three slide task brief

Tuesday 8 December 2026 | P6 | 40 minutes

Audience and purpose

Help another small group understand an activity kit without a live talk. Use made-up points, not prices or pack counts.

Use these checked facts

These are the final Week 5 task values. Keep them unchanged.

Item	Points	Comparison
Paper packs	12	2 more than card
Card packs	10	2 more than fasteners
Fastener packs	8	Lowest points

Slide 1

Introduce the kit. Replace Kit with a useful title. Make the pale small text larger and darker.

Slide 2

Compare the points. Give the chart a useful title and alternative text. Check title, chart, then comparison in reading order.

Slide 3

Explain one change you made and why it helps. Use: I changed ... so ... . Preview, save and reopen all three slides.

Supported route

Tuesday 8 December 2026 | P6 | 40 minutes

The aim

I can make three slides easier to read and navigate.

Steps

1. Open your own copy of the three-slide practice deck.
2. On slide 1, use a clear title and larger dark text.
3. On slide 2, add a clear title and a useful chart description.
4. Check title, chart, then comparison in reading order.
5. On slide 3, explain one change using the reason frame.
6. Preview all three slides. Save, close and reopen.

In your book or private file

I changed ...
This helps because ...
I checked ...
My next step is ...

Success

[ ] I used clear titles and readable text.
[ ] I described the chart and checked the reading order.
[ ] I explained one change, then saved and reopened my slides.

Private responses

Point, write, type or ask for exact scribing. A live talk is not required.

Independent route

Tuesday 8 December 2026 | P6 | 40 minutes

The aim

I can make three slides easier to read and navigate.

Steps

1. Check the three slides against the task brief.
2. Give each slide a clear title and one main point.
3. Use large text, strong contrast and words with colour.
4. Describe the chart and check reading order.
5. Explain one access change and check the data.
6. Preview, save and reopen your own file.

Private responses

Point, write, type or ask for exact scribing. A live talk is not required.

Aspire route

Tuesday 8 December 2026 | P6 | 40 minutes

The aim

I can make three slides easier to read and navigate.

Steps

1. Complete the Independent task first.
2. Check what is lost if the chart image is not seen.
3. Improve the description without repeating every word.
4. Explain why colour alone is not enough.
5. Check titles, order and text in the saved file again.
6. Save a v2 copy and keep your earlier v1.
